

# ICOMAM Rio 2008

## VISA

It's necessary visa to come to Brazil for some countries like United States, for exemple. To the countries from EU visa is not required. Make sure if you need visa before living your country.

## YELLOW FEVER

At the moment it is not requerid yellow fever vaccine to come to the city of Rio de Janeiro, however Brazil is a tropical country and we recommend to take the vaccine against yellow fever before coming. If you go to Pantanal ( Mato Grosso), Foz do Iguaçu or any other state in countryside it is necessary to take the vaccine. The Organizing Comission suggest you to take the vaccine early before traveling.
